L: Experience has shown us that often people can be unreasonable, irrational, and self-centered. Encounters with such type people can be awkward and uncomfortable.

P: We will strive to look past people's rough exterior, in order to see their Divine interior and forgive and love them anyway.

L: Sharing our creativity is an expression of our Divine self and what we spend years creating, others could destroy overnight.

P: We will believe in the goodness of what we bring into the world and create anyway.

L: In life, we will endeavor to give the world our best, while knowing some will consider it never to be enough.

P: We will have faith that all our efforts are given with our best ability and give your best anyway.

L: Love is patient and kind, living a life of love requires intention and it is the path that will enable us to live with and in the Divine Spirit

Morning Prayers Kel Henderson
Lord's Prayer, Gnostic Version

Our Father and Mother God, You are within us all, and You make all things holy and united, as You are holy and united, one God living and true. Your Kingdom come, Your will be done, which is love to all that lives in the heavens and on the earth. Give us this day our daily bread, and let us give our daily bread to those who have none; and heal our broken spirits, as we heal and forgive
